MEMBERSHIP

4 Of Clubs

A Active Membership

Add after e) as f)

- f) Females without any relationship to Rotarians, but who share International Inner Wheel objects who have been presented by 2 Active Members and accepted by a majority of the Club members. This category must not exceed 4 at any given time.

Delete: This category must not exceed 4 at any given time

Add: The size of this category of membership is decided by each Club individually.

Motivation:

The restriction of 4 slows down the development of Clubs. We would still take our members from the women provided by Rotary. We owe it to our predecessors to strengthen the organization

PROPOSAL 22

District 73 France
Seconded by the Inner Wheel Club of Salon De Provence

MEMBERSHIP

D .Honorary Membership

- Delete: Up to 4 persons
- Add: The number of Honorary members is decided by the Club but cannot exceed 30% of the total active members.

Motivation:

We definitely need to increase Club's membership with all women having the same ideal of service as I.I.W but we need to keep our roots with Rotary, this way we don't harm to our identification with Rotary but allow Clubs to have some « fresh blood »which is essential for our future and our extension.

CONVENTION

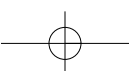

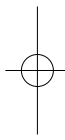

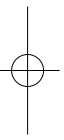

1 International Conventions

Delete: five years

Insert: four years

Motivation

We think that a four years interval between conventions is sufficient to put into practice the various proposals carried by the latest Convention and sufficient enough to prepare the following convention. Waiting five years is too long a period to make progress.
